CHOICE

BY AARCO PRODUCTS INC.

One of the most challenging and rewarding aspects of our company is our ability to work with customers to create custom products suited to their needs. Our skilled team has the knowledge and experience to modify any standard catalog items to better suit your requirements. We offer competitive pricing, fast lead times and a focus on A&D community needs.
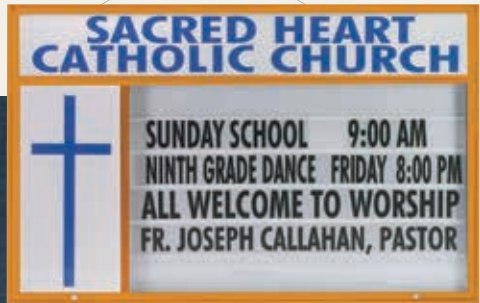

ABOUT US

Since 1975 Aarco Products has manufactured a consistently growing line of visual communication and display products. Our focus on customer satisfaction has inspired us to improve and expand our product line to include over 10,000 standard products and an unlimited variety of custom engineered products. As always all of our products are guaranteed to last and are packaged to make the trip.

Below you may consider choosing from our various product catalogs to find a product that is suitable to your customers' needs. Remember that modification and customization is welcomed by Aarco.

Aarco has now advanced to our third generation of management and we are eager to fulfill your desired requirements.

If you are an existing customer, we thank you for your past business and we welcome your continued support. If you are a new customer, we look forward to establishing a mutually beneficial relationship.

FREQUENTLY ASKED QUESTIONS

Do your products carry a warranty?

Every purchase carries a 1-year limited manufacturer warranty. Our warranty does not cover normal wear and tear. Porcelain surfaces are covered and guaranteed for 50 years against cracking, fading, or ghosting. Please see our website or check the back of the catalog for more warranty information.

Are your products sustainable?

Yes, many of our products are made of natural and recycled material. Our wooden a-frames, plastic lumber cabinets, and WAC Melamine markerboards are some to name!

What is the lead-time on stock product?

Standard lead-time is 7-10 business days on stock items. Need it quicker? Give us a call! We are happy to work out delivery dates for our customers.

Are your products made in the USA?

The majority of our product line is assembled in Eastern Long Island, NY.

Are your products customizable?

We take pride in our abilities! We will happily modify any of our products to better fulfill your requirements. Our product line is inclusive of most popular sizes and colors, but let us know what you need!

How can I order your products?

Our vast network of dealers and online retailers across the country are sure to help you find a product to suit your needs! Give us a call to locate a rep. in your area.

APERTURE GLASS PROJECTION SURFACE

Aperture boards are the perfect way to present your work in a professional and unobtrusive way. Their unique surface diffuses light evenly across its surface, resulting in an outstanding display that is both crystal clear and attractive. They also come equipped with our frameless mounting system appearing to float on the wall and are compatible with all projectors to give you piece of mind.

MARKERBOARDS

Aarco's architectural writing surfaces are the premier solution for classrooms or offices alike. We guarantee our magnetic porcelain surface for 50 years against cracking, fading, or ghosting*. These boards are considered high-performance because of it's durability and longevity. All boards feature satin silver trim to compliment any professional or learning environment décor, and full length marker rails for convenience. So don't settle for anything less than the best! Research shows that the colors chosen for our writing surfaces can help us be more efficient in retaining and understanding information. There is a reason these are our best-sellers!

MARKER BOARDS

TURN ANY
WALL INTO A
COLLABORATIVE
WORKSPACE!

The Rite Wall® is designed to transition markerboard panels seamlessly from the wall-to-wall. Crafted with a magnetized porcelain writing surface and low-profile frame, Rite Wall is a collaborative writing wall perfect for open plan offices, workspaces, meeting rooms, or classrooms. A clean and modern look will easily fit into any environment.

ClearVision Glass markerboard panels are purpose-built to stand up to the rigors of constant use and look fantastic doing it. Our Glass Rite Wall is the perfect solution for wall-to-wall boards with a more decorative edge.

RESURFACING

OverBoard ™

Aarco Products' Overboard resurfacing system is designed to easily install new porcelain surfaces over existing chalkboards, saving you time and money. With our custom built units, you don't need to remove the original chalkboard surface, thus eliminating labor costs associated with removal.

Standard Sizes	H'xW'
OVB4872	4'x6'
OVB4896	4'x8'
OVB48120	4'x10'
OVB48144	4'x12'
OVB48192	4'x16'

When ordering provide your exact measurements and use next larger model number. If existing board has a chalktray, measure from the top of the chalktray to the top of the frame. Then measure the exact outside width of the frame. For pricing, exact measurements must be provided. Specify color when ordering.

Example: •Actual size as measured 34 ⅜"h x 70 ½"w
•Choose OVB4872 for pricing
•Order OBV34 ⅜"h x 70 ½"w
Example: OVB34⅜"h X 70 ½"w

•Eliminates costly labor to repair old frames and surfaces
•Eliminates costly labor and downtime related to asbestos removal from old structures
•Provides high performance retrofitting of old boards. Guaranteed for 50 years
•Surface is Aarco porcelain on steel markerboard or chalkboard with 1/4" tempered hardboard core adnd 005 foil moisture seal
•Framed on four sides with satin anodized aluminum
•Install in minutes with pre-drilled holes over existing frame
•Writing surfaces are guaranteed for 50 years
•Adhesive supplied for spotting on old surface

PORCELAIN ENAMEL ON STEEL OVERLAY SKINS

•Rolled unlaminated writing surface material
•Porcelain writing surface is indestructible when used as directed and guaranteed for life

•High contrast
•Excellent erasing qualities
•Surface permits use of magnetic accessories
•Available with or without self adhesive backing

CUSTOM PRINTED MARKERBOARDS

MADE TO YOUR SPECIFICATIONS

Whether it be a collaborative tool for the office, wall art for your home, or a useful piece for that new home office... Allow Monarch to bring your wall space to life!

Monarch has the capability of filling 48" x 96" of wall space with no seams or breaks in the image. Larger applications will require multiple panels and hairline-seamed joints. This use is best recommended for collaborative open spaces. Monarch's capabilities reach far beyond your walls. Monarch can be incorporated into many different products to attract attention to your establishment.

SIZE, COLOR, AND ARTWORK IS 100% CUSTOMIZABLE

THE MONARCH PROCESS

OPTION 1

AARCO Design

• Provide Aarco with graphic or idea

• Allow our specialized art department to customize and design your vision

• Aarco will send a proof to you for approval then submit your design to production

OPTION 2

Design it Yourself

• Provide Aarco with an .AI, .EPS, .TIFF, or .PDF file

• File must be 300 dpi minimum for optimal clarity

• Artwork must account for 1" margin on all four sides

CUSTOM APPLICATIONS

Monarch custom printed surface is a one-of-a-kind product that brings your wall space to life. A colorful and memorable option, Monarch Printed Surface makes a dynamic presentation, as it can be mounted standalone as a decorative piece, or utilized in Aarco's wide range of visual communication products.

CONFERENCE CABINETS

Aarco Products' Conference Cabinets are perfectly suited to blend with traditional and contemporary interiors. Choose from a selection of laminates or hand finished hardwood veneers.

The doors open on continuous hinges to reveal a 36"x48" or 48"x48" porcelain on steel markerboard center panel and fabric covered board on the inside of each door. The left side door features a chart clamp that holds un-punched paper pads up to 19" wide. The center section also features a fully concealed, retractable projection screen.

All units have an overall depth of 5" and hang securely on concealed mounting brackets. Markers, erasers and other supplies may be stored inside while doors are held shut by magnetic catches.

HORIZONTAL SLIDING UNITS

FRAMED UNITS

Horizontal Sliding Units maximize the use of valuable wall space. They can be configured with up to four sliding markerboards and one full width tackboard in the same amount of space as one traditional board. These high performance units are equipped with up to four sliding premium Vitre Steel porcelain markerboards (*chalkboards also available see below) and one stationary full width tackboard. The boards travel smoothly on nylon top mounted roller tracks (see figure 1) and are held fast in place by the bottom mounted guide bearings (see figure 2) allowing the user to easily position the boards as needed. Built to last, they are constructed with durable heavy gauge aluminum trim with an attractive anodized finish. The back fixed full width panel has a 1/4" thick natural cork posting surface.

OPTIONAL FEATURES:
#10-222 Chalk tray / #10-325 Map rail

No Back Panel

*Also available with Green Porcelain Chalkboards.
To order, specify by adding "C" to model.
Example: HSU48-2C. Custom sizes and configurations available.

HSU412-2(CG/CS)

└─ Add to substitute for chalkboard (green/slate)
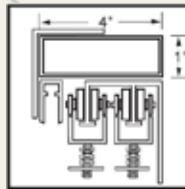

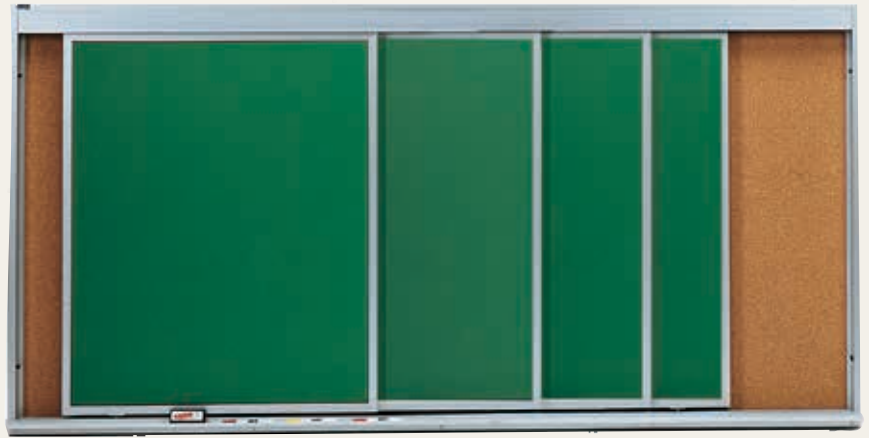

Figure 1
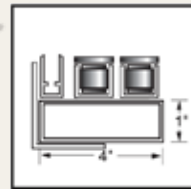

Figure 2

FRAMELESS UNITS
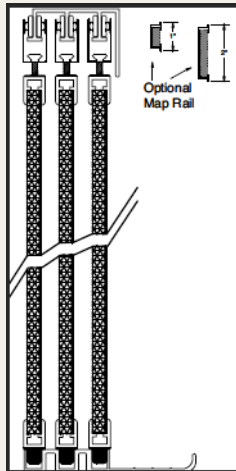

These units provide all the same features as our horizontal sliding units, but are supplied without the housing, making them ideal to install recessed in a wall, in a pre-existing, custom cabinet or case work. Durable rubber stops are provided to prevent sliding panels from coming into contact with existing surface.

Series 10 -170C Two track units 4" Deep
Series 10 -171C Three track units 6" Deep
Series 10 -172C Four track units 6" Deep

FLOOR MOUNTED UNITS WITH FULL VERTICAL MOVEMENT

Vertical Sliding Units are efficiently designed to maximize the use of valuable wall space. Equipped with two premium Vitre Steel porcelain markerboards with ultra light honeycomb backing that are counterbalanced and can be raised or lowered smoothly with fingertip ease. A third rear stationary markerboard can be fully exposed by positioning the two sliding boards behind the fixed kick panel. Kick panels are equipped with attractive Burlap Weave vinyl which is durable and washable.

Hide a panel design
Sliding panels disappear behind the decorative kick panel providing multi-media capability

Fixed rear panel is completely exposed. Educators can prepare multiple lessons ahead of time and if they wish, keep them out of sight by lowering the sliding panel. Then when they are ready to display this portion they simply raise the panel.

Panels slide down behind the kick panel. The sliding panel lifts smoothly and easily thanks to the precision counter balancing and glide system. It takes little more than a finger to raise or lower the panel.

Optional Fixtures Models are also available without a back panel allowing you to install it in front of a closet or shelving, providing access to storage. This design can also be used to place in front of and interactive display providing even more flexibility while protecting it when not in use.

FREQUENTLY ASKED QUESTIONS

HOW ARE THEY INSTALLED?
Installation is fast and secure! Simply install supply brackets to your surface, hang the cabinet, and install security screws. For detailed instructions please visit our website www.aarcoproducts.com and navigate to the resources page!

ARE CUSTOM COLOR OPTIONS AVAILABLE?
Yes! Aarco can powder coat the aluminum to any standard RAL or color match if required. Custom felt and vinyl letterboard colors are also readily available upon request. Please contact us for more information.

ARE THE LETTERS INCLUDED?
Letters are not included with the display cabinet. It is recommended to check with a distributor to see if they are running any promotions.

HOW MANY FONTS ARE AVAILABLE IN THE LETTERS?
Aarco carries single-tab letters in two font styles; Helvetica and Gothic. Both are available in many different sizes ranging from 1/2"-2" in height.

WILL IT REQUIRE MAINTENANCE?
Minimal maintenance is required after installation. Simply wipe down your cabinet with any ammonia-free household cleaner as needed!

ENCLOSED ALUMINUM BOARDS WITH WOOD-LOOK FINISH

Wood-Look finish is a unique powder coated process that combines the warm rich appearance of natural hardwood with the rugged and enduring qualities of extruded aluminum. Available in oak, cherry or walnut wood grain finish. Indoor models feature natural pebble grain cork or felt letterboard, outdoor models have a burlap weave vinyl tackable surface.

PRO TIP !
Utilizing night-time solar powered exterior lights will keep your messages viewable at all hours.
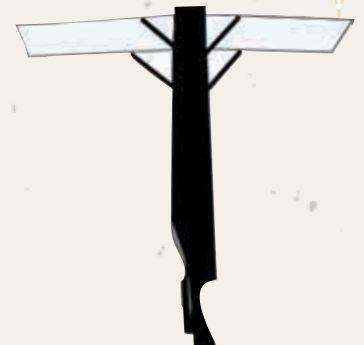

The BM and DBM cabinets utilize a large removable 1/4" grooved vinyl letter panel. The 1/4" grooves allow for universal single tab letters to be easily changed as needed. Standard features include: acrylic safety glass, lockable doors, full length door hinges, weatherproofing, solid satin anodized aluminum frame, and an illuminated header inscribed with your organization's name.

Also included:
•Single sided unit comes with 300 pieces 1 ½" and 300 pieces 2" Helvetica characters
•Double sided unit comes with 600 pieces 1 ½" and 600 pieces 2" Helvetica characters
•Vented for heat and moisture reduction

Standard features:
•Satin or bronze anodized

Optional upgrade features:
•Powder coated color frame. See page 94 for colors.

Double Sided Unit

MARQUEE CHANGEABLE SIGN SYSTEM

"MARQ ONE" SINGLE SIDED

The Marq One is a single sided outdoor changeable sign. This is perfect solution to display periodic messages to the public and community. The Marquee cabinet is designed for easy wall hanging or can be mounted to our optional lawn posts.

Aarco's Marq One utilizes an acrylic header and optional symbol case within the door (Model #MBS). Backlit illumination strengthens your messages at all hours and keeps viewers informed. Standard features include a removable 5-line acrylic changeable letterboard, satin anodized aluminum tubing, finished header, weatherproofing, locking doors, and one set of 500 polycarbonate letters.

Standard features:
•Satin or bronze anodized

Optional upgrade features:
•Powder coated color enhanced frames. See page 94.

"MARQ TWO" DOUBLE SIDED

The Marq Two is a double-sided outdoor changeable sign. Two removable acrylic letter panels keep your announcements viewable for extended periods of time. As found in the Marq One, the Marq Two is backlit illuminated and all lights/wiring is easily accessible for maintenance.

Built into Marq Two you will find standard features like top-hinged lockable doors, two removable letter panels, durable weatherproofing, 1,000 polycarbonate changeable letters, finished header, and 6 light bulb illumination.

Standard features:
•Satin or bronze anodized

Optional upgrade features:
•Powder coated color enhanced frames. See page 94.

Lawn Posts:
•2" x 4" heavy gauge aluminum tubing
•Tempered steel threaded insert

MARQUEE CHANGEABLE LETTERS

Highly visible 5" letters are precision silk screened on .020 clear polycarbonate sheet. Each set includes an assortment of 500 individually packed symbols.

SNAP FRAME POSTER HOLDERS

EZ Open Snap Frames are a quick and simple way to stylishly display posters or signs. Signs are easy to change and secure using the four spring-loaded sides. Flip open, insert sign/poster, and snap closed... It is that simple! Ideal for retail environments, real estate offices, and areas that need to regularly update signage.

•Holds paper, fabric, or vinyl posters and signs up to 1/16" thick
•Clear acrylic cover protects sign
•Hang vertically or horizontally
•Solid aluminum frame
•Spring loaded frame
•Easily wall mountable

FREE STANDING PROTECTION SHIELDS

Our Freestanding Spread Protection Shields are easy to assemble (without tools) and made of thick 5mm acrylic and 6mm polycarbonate—durable enough for high quality performance. All corners are rounded in order to reduce or eliminate injuries that can occur due to sharp points. This product is an affordable solution so that you can help keep germs at bay without sacrificing design or aesthetics.

FORM-A-LINE™ TRANSPORT CART

Stanchions and ropes not included
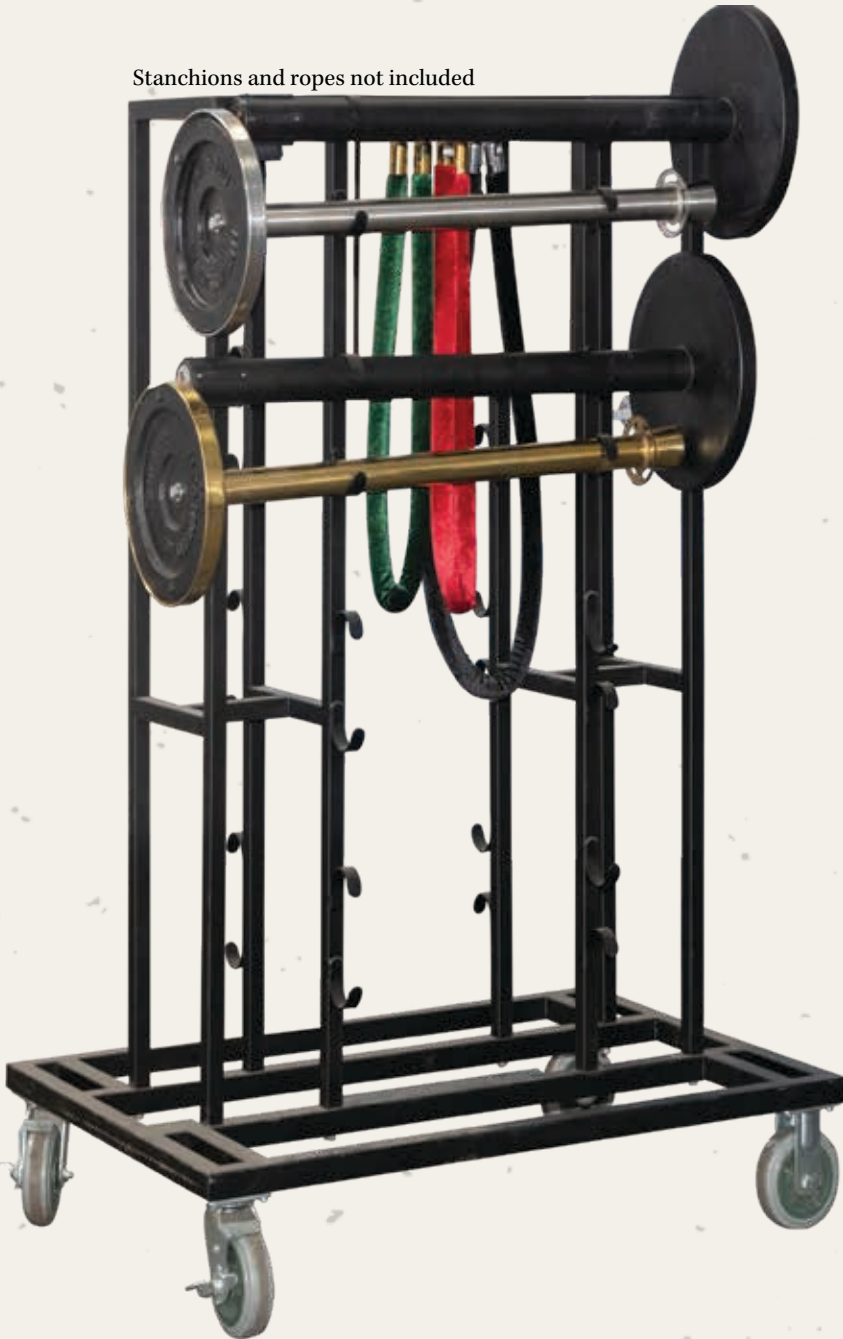

Our Form-A-Line™ Transport is a convenient solution for easily storing up to 16 fully assembled Form-A-Line™ posts.

Features:
- Sturdy welded steel construction
- Durable powder coated finish
- Smooth riding rubber casters including two locking wheels.
- Ships KD and assembles easily
- Convenient storage area for stanchion ropes
- Dimensions 47 ½" x 33 ½" x 67 ½" (fully assembled)
- Fits through 36" clear opening
- Weight: 84lb

Model# FAT-16

Built with a sturdy steel frame and polyurethane wheel, this caster will glide easily across most surfaces. The fixed caster pair on one end, paired with a swivel caster pair on the other means you will navigate those tight turns with ease.

The steel rods are used to keep the ropes off the floor and out of dirt, debris, and other germs. These steel rods maximize otherwise empty space to store your ropes when not in use.

Your stanchions are a major investment, so make sure you protect your investment with proper storage. Each hook is finished with a matte black powder coat for a smooth surface and no sharp edges to damage your stanchions.

FORM-A-LINE™ POST SIGNAGE

Form-A-Line™ Sign Frames are easy to use. The top loading frame allows for simple and frequent sign or image changes. Sign frames hold printed media up to 3/8" thick and has double sided capability. Available in two popular sizes and four attractive finishes that coordinate perfectly with our Form-A-Line™ posts.

FORM-A-LINE™ RECTANGULAR BELT POST SIGNAGE

Insert not included

- Easily mounts to Form-A-Line™ retractable belt posts
- Coordinates perfectly with 2 way and 4 way belt mechanisms

AARCO PRODUCTS INC.
Limited Warranty

Aarco Products merchandise is warranted to the original purchaser for a period of one years from the date of purchase against defects in the material or workmanship as to the bulletin/cabinet components. The word "defects" as used in this warranty, is defined as imperfections which impair the utility of the product.

This warranty is expressly limited to the replacement of board/cabinet components having defects. If the board/cabinet component is defective within the terms of warranty, Aarco Products will furnish a replacement board/cabinet component at no cost. No assembly labor is included. All Aarco "Vitre" Steel porcelain is guaranteed not to wear for life of the building, when used as directed(see enclosed usage instructions).

This warranty applies under conditions of normal use, but does not apply to defects that result from intentional damage, negligence, unreasonable use or exposure.

All implied warranties arising under state law are limited in duration to the one year period of this warranty. Some states do not allow limitations on how long an implied warranty last, so the above limitation may not apply to you.

Liability for incidental or consequential damages is excluded to the extent exclusion is permitted by law. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.
